There has been a standdown on granting of codeword clearances to GAO. Mr. DiGeorgio asked that I appeal this decision for a ten day clearance. I said I would get back to him.

Car.), Chairman, Subcommittee on Evaluation. He told me that it was a fund raiser reception and the wives were invited. He went on to ask me to set up a meeting between himself and Evan Hineman, OWI, between the 30th of May and the 2nd of June. 25X1 11. [ ] LIAISON Called Thomas K. Latimer, Staff Director, House Permanent Select Committee on Intelligence, to tell him (in response to his question to [ ] of our office) that the Agency is preparing internal regulations in support of Executive Order 12025, but that these were still in the process of being coordinated and were not yet ready for passage to the Committee. I also told Mr. Latimer that ✓ Congressman Robert L. Leggett (D., Calif.) had requested a briefing on Cuban involvement in Africa and the Middle East. I said that inasmuch as we would be briefing the Committee on the same subject on the afternoon of 18 May would the Committee object to the inclusion of Congressman Leggett in the Committee briefing. Mr. Latimer said that he much preferred that we contact and brief Mr. Leggett separately.

25X1 12. [ ] LIAISON Called Don Quade, Department of State, SY Liaison with GAO, to get some detail on the GAO request for codeword clearances and access to State's Command Center. Mr. Quade told me that the threat assessments that the GAO people wished to review were 99% CIA material and were classified at the SI, TK level. Mr. Quade said that there was nothing new in this material for the GAO people and that he had told Mr. DiGeorgio that there really was no need for the GAO investigators to read this material. Mr. Quade asked to let him know whatever our final decision is on granting the GAO people SI, TK clearances.
